SUBJ. : CONTRACT EC-E-1965

Dear Floyd:--

STATINTL

Last October, we received approval for our ECP No. DNP-19, which covered the fabrication and installation of an intercom system in the Ready Room facility at BW-5. The quotation at that time was (lot). If you remember, our went to and completed all the work, with the exception of installation of the intercom system, which had to be modified.

The travel and work accomplished should have fallen within the funding shown above. Upon receipt of the wall consoles, we were asked to quote the necessary repairs and/or modifications as well as the additional travel required to send these gentlemen back to for final installation. We quoted this secondary effort at a lot-price of and received Amendment #4 to the subject contract covering that amount.
